

~~CONFIDENTIAL~~

30 December 1957

MEMORANDUM FOR: Deputy Director (Support)

SUBJECT: [REDACTED] - (Establishment of a Central COMUS Depot for Consolidation, Care and Storage of Agency Strategic Reserve Material)

1. This memorandum suggests action on the part of the Deputy Director (Support). Such requested action is contained in paragraph 6.

2. There is forwarded herewith a Project Outline for your consideration. The objective of this project is to consolidate Agency Strategic Reserve Material in one COMUS depot for greater efficiency and security in the care, storage and movement of these stocks.

3. Based on budget estimates, this project will require additional funds in the amount of [REDACTED] in FY 1959 to accomplish the consolidation of COMUS stocks of Strategic Reserve Material into the central depot. Funds required for Supply Division, Office of Logistics in FY 1960 will approximate the requirement for FY 1958, and in FY 1961 and beyond, required funds will decrease when compared with FY 1958. (See Summary Analysis Sheet attached).

4. No increase in Agency personnel will be required, and fourteen slots and personnel will be transferred from Headquarters [REDACTED]

5. In the opinion of this Office, the intangible benefits to be derived by the Agency from continuous control and maintenance of its Strategic Reserve Material in terms of more efficient and secure support appear to far outweigh the initial movement cost involved.

6. It is recommended that:

The attached Project Outline for [REDACTED] be approved and forwarded to the Project Review Committee for their consideration.
